## PROFESSIONAL WORK EXPERIENCE

---

**Website Operations Manager**

Apr 2023 – Aug 2023

Canadian Outlet • Toronto, Canada

- Implemented strategies that resulted in a 30% increase in website speed and a 20% reduction in bounce rates, improving overall user experience
- Successfully managed and updated website content, ensuring it remained accurate, engaging, and aligned with the brand, resulting in a 15% increase in user engagement.
- Collaborated with cross-functional teams to optimize the e-commerce process, leading to a 25% increase in online sales
- Leveraged web analytics tools to track user behavior and generate actionable insights, leading to data-driven decision-making and a 20% increase in conversion rates.
- Implemented robust backup and disaster recovery plans, ensuring website availability during critical events and reducing downtime by 80%.
- Acted on customer feedback by implementing website enhancements, resulting in a 10% increase in customer satisfaction and retention.

**Senior Full-stack Web Developer**

Jul 2018 - Dec 2022

Kartmanage Solutions • Vadodara, India

- Revamped a Core PHP-based SaaS web application using Laravel, resulting in a remarkable 50% boost in system speed and enhanced control over user input.
- Enhanced security by implementing RESTful API integration with Laravel Passport OAuth2 authentication, ensuring industry-level authentication standards.
- Optimized performance by developing Laravel microservices to handle resource-intensive tasks, reducing the main server's workload by an impressive 70%.
- Efficient resource management by implementing automated cleanup of user-uploaded Excel and PDF files from S3 storage after a specified time duration using a tagging system, leading to increased local storage capacity and a 20% boost in server performance.
- Streamlined deployment processes by integrating an action runner with GitHub CI/CD, resulting in significantly reduced deployment times.
- Automated and simplified client operations by seamlessly incorporating third-party APIs, including GSTN API for GST return filing, Ewaybill API for ewaybill generation, and Einvoicing API for e-invoice generation. This automation led to a remarkable 90% reduction in time spent on manual tasks for clients.

**Web Designer**

Dec 2014 - Jun 2015

Soni Enterprise • Vadodara, India

- Followed design guidelines, standards, and optimal design practices
- Maintained the appearance of Web sites by applying content standards
- Designed visual imagery for Web sites in consistent with the customers' needs
